HOW WE DO THINGS

## Research + Book

.....

Take some time to look around! Check out our website, Instagram and Facebook pages and see if you like our rich, vibrant and authentic style! Learn about our custom EDIT-to-Style option and get in touch to see if we still have availability for your date!

Once you know we're available, the next step is up to you! Some couples want to meet up for coffee or an adult beverage, some prefer a call or video chat, and some are just ready to book online.

Personalities matter - let's chat;

Once you've made the fantastic decision to choose us as your entertainment, companions and photographer(s) +/- videographer(s) for the day - we will get you set up with your personal client portal! We require a 50% deposit and signed contract to lock-in your date. This is easily done through your PORTAL and payments are processed securely through Square.

That's it - your booked!

## Planning Time

.....

If you've added an engagement session (DO IT:) we need to pick a date, location, and time. Our favorite times of day for photos are just after sunrise, and golden hour, which is just before sunset! The light is ah-mazing! We'll brainstorm locations to figure out what suits the 2 of you - is it mountains, wildflowers, downtown or a simple in-home session?! We have so many options and suggestions and a custom style guide will help you put together the perfect coordinating ensemble! After the session you'll get a sneak peek in a few days and a link to the rest of the edited images in 2-4 weeks.

Now, it's time to focus on the wedding! Whether you've hired a planner or are planning on your own, we're here to help! Creating a realistic timeline for the day is SO important!

6-8 weeks before your wedding we will send out our custom questionnaire to find out all the details of YOUR day and what's important to YOU! 1-2 weeks out, we'll go over everything and get all of the final details squared away. We will be completely prepared to capture some amazing memories of the best day of your life!

## Wedding Day

.....

It's finally here!

We've done this over 300 times but every wedding is special, unique and deserves our full attention. We always get there a little early to scope everything out and make sure we're ready! We like to be super prepared and have EXTRA everything! We use professional cameras and always have 3-5 camera bodies as well as a ton of lenses, flashes, video lights and audio equipment in order to capture every detail!

Relax (as much as possible) and keep the photography +/- videography portion of your day to us! We like to keep it laid back and simple while giving you just the right amount of direction. We want to capture all of the details but most of the day you won't even know we're there!

This is about the 2 of you, surrounded by your family and friends. We live to capture it in all its rich, vibrant + authentic glory!

## The Editing

.....

Once your amazing wedding is over we will start working on the 2nd half of our commitment to you - the EDITING!

We take pride in our personalized, in-house editing and our EDIT-to-Style options! We are super conscious of your final product and can't wait for you to see it!

You can expect a SNEAK of your photos on Insta or Facebook within the week so make sure to FOLLOW us;) YOUR custom edited photos will be ready in 4-12 weeks and your full professionally edited film(s) will be ready in 6-16 weeks. We only take a certain amount of weddings so that we can exceed our deadlines and FOCUS on exceptional service and editing.

You will get a password protected, gallery link to view and download your high-res files and for your photos and video!

Next, we can figure out which images to pick for your custom designed album and stunning metal prints! Contact us for more info!
